Action point roundup

Nigel Titley

RIPE 67 Action Points

- AP67.5 [AA-WG] To check that the Anti-Abuse Working Group has properly specified both what should be done with mail that is sent to the abuse contact and (possibly) its format.

RIPE 69 Action points

- AP69.2 [RIPE NCC] Come up with some straw man proposals for displaying history for objects where available

- AP69.3 [RIPE NCC] To examine and report on possible solutions to improving geolocation data in the RIPE DB

RIPE 70 Action points

- AP70.1 [All] Discuss deprecation of plain text passwords in email

- AP70.2 [RIPE NCC] Come up with a proposal for the status: field to fix the requirement that certain objects may need multi-valued status

RIPE 71 Action points

- AP71.1 [WW144] To organise an effort to look at the fact that the original RFC-set on RPKI has been overtaken by events and should be re-examined.

- AP71.2 [Marco, Erik, Job, Tim] To work on a method of cross authentication of autnum (possibly involving RPKI)
